

Dear Federal Communication Commission Representative,

K-LOVE radio station serves me very well as a resident of the local Tucson community. The positive nature of both the music and the hosts are very inspiring and uplifting. My work colleagues, friends, and family members also enjoy listening to this station. I have been listening to K-Love for two years, and listen to it daily on long drives (45 minutes each way) to and from work.

The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be devastating. This is the only FM station in our community that plays only values based music, and is supported financially by its listeners.

The service provided by K-LOVE is appropriate for all ages, even children. The station offers Christian perspectives, but serves the entire community well. I urge you to make sure that our community does not lose K-Love!

Sincerely,
BethAnn Johnson
